

# WELCOME TO QUEST!

Look how bright and healthy he is!! However, life for Buttons was not always so great.

Some years ago, he was not given the care all animals deserve.

What did I do to deserve this?

Well, **Quest** is here to:

- ✓ help educate people on how to properly care for all equines ~ horses, ponies, donkeys and mules.
- ✓ help teach people to recognise when there's a problem.
- ✓ step in when asked, and help out equines in trouble - like we did with Buttons.

Horses can't tell us when something's wrong, so Quest is here to be a voice for horses and ponies who are needing help!
